

VertiKlean® Stainless Steel Mop Head Frames

Autoclavable QuickConnect™ frames for VertiKlean® and VertiKlean® MAX™ mops

Description

The autoclavable frames for Contec's VertiKlean and VertiKlean MAX mop heads have Contec's QuickConnect handle adapter which enables use with a wide variety of telescoping and fixed length handles. The stainless steel construction is lightweight, durable, and offers a wide range of chemical compatibility. The frames easily attach to both the VertiKlean and VertiKlean MAX mopping systems, and are compatible with all Contec QuickConnect handles. All of the mop head frames listed may be sterilized by most common methods including gamma irradiation, ethylene oxide, or autoclave (recommended cycle 121°C for 30 minutes).

Technical Information		
Part No.	Description	Material
2651SS	Regular VertiKlean Mop & VertiKlean Max head frame, 7.5" x 1.75" x 4.25" / 19 x 4.7 x 11cm	Type 304 stainless steel
